an evocative debut novel reflecting the determination and resilience of a gay diaspora as it faced extinction beginning with a chance encounter in 1985 an unnamed narrator embarks on a physical and spiritual sojourn over four decades from a one night stand in paris with the troubled and enigmatic louis to montreal through a divided europe and into the iranian desert with the sick yet determined yuri and finally to provence where he meets the gregarious but wistful frank the narrator encounters a cast of exiles fugitives rebels and artists in a journey across continents and decades we watch the impacts of one of the greatest health crises of the last hundred years through the eyes of those who both survived it and must now remember those who didn't at once an odyssey through time and a love story to the narrator's found family this haunting lyrical novel in five parts explores questions of grief statelessness and memory and is a meditation on survival in the age of aids a rare machines book

while sharing some weapons systems with the other us forces the marine corps has developed its own distinctive approach to matters of dress personal equipment and armament the most important trends are a new generation of camouflage clothing body armor and night vision equipment which have transformed the appearance and capability of the individual rifleman the men and women of the usmc have been at the forefront of these developments utilizing innovative items of dress and equipment during their extensive service in a range of challenging environments across the world featuring specially commissioned full color artwork and detailed photographs this book explores the usmc's key contribution to the development of the combat infantry soldier's clothing and personal equipment in the 21st century

archibald wavell remains one of the great allied commanders of the early phases of world war ii in fact between june 1940 and june 1941 he was the only british theatre commander actively engaging axis forces at a time when the british expeditionary force had been expelled from europe wavell was conducting campaigns across nine countries and two continents in those 12 months he planned and directly oversaw a multitude of campaigns from the hugely successful winter campaigns against the italians in the western desert and the conquest of italian east africa through the iraqi revolt the invasion of vichy syria and lebanon and the ill fated british involvement in greece to the unsuccessful attempts to break the siege of tobruk that led to his replacement in june 1941 while wavell s great victories are often overshadowed by those of other commanders later in the war this should not detract from his proven abilities as a strategist and tactician this book tells the complete story of wavell s wartime exploits and examines his strengths and weaknesses as a commander

an enthralling insight into the technical side of the secret war behind enemy lines as soe and oss operatives attempted to sabotage the axis war effort following churchill s directive to set occupied europe ablaze the soe and later its american sister organization the oss were deployed across the continent outnumbered surrounded and in great peril these brave agents were armed with a wide variety of devices to help them achieve their objectives including numerous pieces of sabotage equipment and cunning booby traps this book examines these different pieces of equipment and the technicalities involved in deploying them effectively as well as discussing the specialist equipment developed by special forces units including the sas lewes bomb touching on some of the stranger developments such as explosives disguised as lumps of coal the author goes on to describe the german clearance techniques that were developed to avoid these dangers complete with specially commissioned artwork and period diagrams together with detailed descriptions of the dangerous missions of allied agents this book is a fascinating insight into the secret war behind enemy lines

of all the infantry small arms developed during world war ii one that generated the most interest was the german assault rifle the stg 44 sturmgewehr this innovative weapon inspired the soviet ak 47 in 7 62x39mm calibre in the west the nato countries looked hard at new weapons to upgrade their own infantry arsenals and counter the ak 47 resulting in the design of the fusil automatique léger or fal it proved to be a successful battle rifle and was soon adopted by the military police forces of no fewer than 93 nations the fal dominated the militaries of the west to such a degree that its nickname became the right arm of the free world the fal fulfilled every role it was asked to perform and remains a viable and well respected weapon to this day

a gripping account of the mighty f 4 phantom ii icon of the cold war and ultimate american fighter of the 1960s versus the nimble agile and abundant mig 21 which was a communist icon of the period influential leaders and tacticians are profiled to provide a comparative evaluation of their contrasting skills this book also reveals the technical specifications of each jet with an analysis of the weaponry avionics and survival devices of the f 4 phantom ii as flown by the usaf and the mig 21 the fighters strengths and weaknesses are also compared including turn radius performance at altitude range and structural integrity featuring first person extracts reflect on the dangers of these aerial duels as usaf pilots and their counterparts struggled to overcome each plane s shortcomings this book draws us into the dangerous world braved by american and north vietnamese airmen in the skies over vietnam
